

Winter Semester 2024/25: 3rd Semester M.Sc. Intelligent Adaptive Systems

Core Modules		
InfM-Proj	Project	See STiNE Please note duration of projects: either 1 semester or 2 semesters
Focus Option		
InfM-CV1	Computer Vision I	64-420 Lecture Computer Vision I 64-421 Exercise Computer Vision I
InfM-WV	Knowledge Processing	64-414 Knowledge Processing 64-415 Integrated Seminar
InfM-OML	Optimization for Machine Learning	64-408 Optimization for Machine Learning 64-421 Exercise Optimization for Machine Learning
InfM-UIST	User Interface Software and Technology	64-434 Lecture User Interface Software and Technology 64-435 Exercise User Interface Software and Technology
Extension Option		
		...see STiNE

	Monday	Tuesday	Wednesday	Thursday	Friday
10 – 12 am					64-420 Lecture Computer Vision I 10 am – noon Start: 18.10.2024
12 – 2 pm		64-421 Exercise Optimization for Machine Learning noon – 2 pm Start: 15.10.2024		64-421 Exercise Computer Vision I noon – 2 pm Start: 17.10.2024 64-434 Exercises User Interface noon – 2 pm Start: 24.10.2024 64-415 Integrated Seminar Knowledge Processing noon – 2 pm Start: 17.10.2024	64-421 Exercise Computer Vision I noon – 2 pm Start: 20.10.2023
2-4 pm		64-434 Lecture User Interface 2 – 4 pm Start: 15.10.2024	64-414 Lecture Knowledge Processing 2 - 4 pm Start: 16.10.2024	Thursday afternoon most common for Projects See STiNE	
4-6 pm	64-408 Optimization for Machine Learning 4 – 6 pm Start: 14.10.2024	64-421 Exercise Optimization for Machine Learning 4 – 6 pm Start: 15.10.2024	64-415 Integrated Seminar Knowledge Processing 4–6 pm Start: 16.10.2024
