

## Winter Semester 2023/24: 3<sup>st</sup> Semester M.Sc. Intelligent Adaptive Systems

Core Modules		
<b>InfM-Proj</b>	Project <u>Note:</u> Duration 1 semester	<b>See STiNE</b>
	Project <u>Note:</u> Duration 2 semesters	
Focus Option		
<b>InfM-CV1</b>	Computer Vision I	64-420 Lecture Computer Vision I 64-421 Exercise Computer Vision I
<b>InfM-WV</b>	Knowledge Processing	64-414 Knowledge Processing 64-415 Integrated Seminar
<b>InfM-UIST</b>	User Interface Software and Technology	64-434 Lecture User Interface Software and Technology 64-435 Exercise User Interface Software and Technology
Extension Option		
		...see modules from Focus Option

## Winter Semester 2023/24: 3<sup>st</sup> Semester M.Sc. Intelligent Adaptive Systems

	Monday	Tuesday	Wednesday	Thursday	Friday
10–12 am					64-420 Lecture Computer Vision I10 am - noon Start: 20.10.2023
12–2 pm				64-421 Exercise Computer Vision I noon–2 pm Start: 19.10.2023	64-421 Exercise Computer Vision I noon - 2 pm Start: 20.10.2023
				64-434 Exercises User Interface noon – 2 pm Start: 26.10.2023	
				64-415 Integrated Seminar Knowledge Processing noon–2 pm Start: 19.10.2023	
2-4 pm		64-434 Lecture User Interface 2 - 4 pm Start: 17.10.2022	64-414 Lecture Knowledge Processing 2 -4 pm Start: 18.10.2023	Thursday afternoon most commonfor Projects	
4-6 pm			64-415 Integrated Seminar Knowledge Processing 4–6 pm Start: 18.10.2023		<b>SeeSTINE</b>
