The **classification** of the module as defined by the subject-specific provisions of your programme:
R for required courses (Pflicht), **RE** for required elective course (Wahlpflicht) or **E** for elective courses (Wahl).

The **module number** is an acronym for the title of the module, in most cases referring to the German title, e.g. *Image Processing* is *Bildverarbeitung* in German, module number InfM-BV.
 The pattern of Informatics module numbers is **InfB-XXX**, **InfM-XXX**, **MBI-XX** or **ITMC-XXX**.

Informatics **course codes** are **64-XXX** or **67-XXX**.
 If unsure about module numbers or course codes, please refer to the STiNE course catalogue at <http://www.stine.uni-hamburg.de> ► English ► Course catalogue
